550e GHS Label Printer
Fast, Flexible and Reliable Laser Label Printer

The NeuraLabel 550e GHS Label Printer uses single pass 4-color advanced laser technology to quickly print durable GHS-compliant labels.

Printing at speeds up to 55 feet per minute on fanfold or rolled media has never been so easy. Simple to operate, the 550e can store files locally for repeating print jobs.

Print a roll of 500 GHS-compliant and BS5609-approved drum labels in less than 10 minutes with the optional NoTouch™ Winding System.

Overview of the NeuraLabel 550e GHS Label Printer
• Print fanfold on Letter, Legal and longer drum labels up to 8.5" wide
• Job storage in printer memory allows simple PC and Network-free printing
• Combines the industry's most advanced laser technology with innovative microfine toner for exceptional speed, image clarity and sustainability

Uniquely Engineered for Label Printing
• Nearly 30 years of engineering expertise in scanning, printing and winding systems.
• NoTouch Winding System ensures easy media alignment and winding, without touching the printed page
• Vertically stacked winders provide a small desktop footprint
• Patented Continuous Feeder Attachment (CFA) loads and cuts media rolls
• Complete labeling solutions includes in-house label media testing, software expertise, and unparalleled worldwide technical support

BS5609-Compliant Printing Solution
• Meets stringent BS5609 requirements for resistance to abrasion, saltwater immersion, and UV exposure when used with NeuraLabel-approved media

Labeling Software
The NeuraLabel 550e works with all industry standard labeling software, including Adobe products, BarTender, Loftware, SAP, and many more. These applications have been tested to ensure they work well with the NeuraLabel 550e.

Eco-Friendly and Sustainable
• Toner cartridge recycling program available in more than 60 countries
• Energy-saving options to reduce power use and toner consumption
• Energy Star®, EPEAT®, and Blue Angel environmental certifications

Printing Solutions

550e GHS Label Printer Features
1. Large 4.3" touch screen
2. Unison low temperature toner prints on a broad range of media
3. High-capacity toner cartridges
4. Continuous Feeder Attachment with built-in cutter
5. Optional NoTouch™ Winding System

550e GHS Label Printer Benefits
- Durable, commercial-grade printer, ideal for runs of 50 or 500+ labels
- Eliminates pre-printed inventory through full-color, on-demand, one-pass printing
- Integrates with your label authoring software to facilitate GHS compliance
- Easiest media loading and fastest turnaround from design to print
- Supports standard and custom media stock for greater flexibility and cost-savings

Support: Warranty and Service
NeuraLabel 550e includes support and first year on-site warranty in over 70 countries to ensure that you have the best possible solution. Support includes technical advice from our experienced support team, as well as driver and firmware updates. Corporate incident tracking is available through our Online Support Portal. Extended warranties are also available.
